

PLEDGE FOR SPONSORSHIP

2022 Joint Conference on T&E Support to Prototyping and Experimentation

January 31- February 3, 2022 ~ Albuquerque, NM

www.deps.org ~ Email: Lena@itea.org

NOTE: The Workshop is a non-competitive environment meant for a free exchange of ideas and information.

This conference will discuss the practical implications of T&E support in prototyping, experimentation and other developmental activities. The partnership with DEPS allows for high energy laser and high-power microwave experimentation to be an integral component of our technical program and permits us to hold both limited distribution and classified sessions on all T&E topics. Key plenary speakers, panel discussions, and technical sessions will be part of a program to identify challenges, solutions, innovations and a future state; all contributing to moving us closer to creation of an infrastructure and principles, conducive to testing and training in a more operationally realistic environment. **Come Join Us!**

Sponsorships are tax deductible.

All Conference Sponsorships provide the following recognition:

- On the ITEA and DEPS Web site - Your logo and a hyperlink to your Web site posted on the Workshop Web page.
- On signage throughout the Conference
- In all Conference Collateral Materials
- In the *Conference Program Guide*
- In an issue of *The ITEA Journal of Test and Evaluation*
